BULBS.

I held them in my hand, small balls of wonder,
Purple and ivory and brown.
I broke the soft, dark earth to fold them under,
And pressed the yielding soil to hold them down.

I know that in their hearts the rainbow lingers,
Waiting until it hears a song it knows.
Oh, strange—to hold a rainbow in my fingers!
It lies there waiting for the melting snows.

The little brown song sparrow that comes daring
To pour his heart out on an empty bough,
Will linger in my garden to be sharing
The seven colors that are sleeping now.

Louise Driscoll.

THE GLADIOLUS

In no other flower are combined so many excellent qualities. Its extraordinary range of color, markings and form, its extended season of bloom and good keeping qualities, together with its moderate price and easy culture, make it the garden flower supreme. Commercially, it dominates the market from July to October.

If you have grown Gladioli, you are already an enthusiast. If you have not, you should delay no longer.

MAINE-GROWN BULBS

Few flowers are as easily grown; but best results cannot be obtained from poor stock. The quality of your flowers depends, in large measure, on the quality of the bulbs you plant.

Our soil is a Merrimac sandy loam, producing bulbs entirely free from disease.

Our sea-coast climate is ideal in the way of moisture and moderate temperatures, giving our stock an abundance of vitality.

Nowhere in the world are better Gladiolus bulbs produced than we grow here on the Maine Coast.

In addition we give special attention to the matter of pure stock, and have succeeded so well that we have never had a complaint of bulbs untrue to name.

PRICES

Our prices are as low as is consistent with first class stock; but we stake our reputation on high quality rather than low price. We are more anxious to excel than to undersell.

TERMS

Cash with all orders. At prices quoted herein, we prepay shipments to points in the United States. Orders shipped between November 15 and March 15 are at risk of purchaser. Stock is offered subject to prior sale. No orders accepted for less than \$1.00.

OUR MOTTO:

"Pure Stock and No Substitution"

You GET what you BUY. We want your business and we try to deserve it.

CULTURE

Plant in good garden soil, 4 to 6 inches apart, and cover about 4 inches above the top of the bulb. If stable manure is used, it should be thoroughly rotted and mixed with the soil. High grade potato fertilizer is good; and we get good results with a mixture of bone meal, cotton seed meal and wood ashes, the latter not to be added until ready to use. Avoid planting near foundation walls of buildings, close to trees or large shrubs, or in the shade. Cultivate often and thoroughly.

MADISON COOPER, Editor and Publisher, CALCIUM, N. Y.

THE FLOWER GROWER champions the cause of the summer garden flowers. It is published monthly and each issue abounds with helpful information on how to have the best of success with those increasingly popular flowers, the Gladiolus, the Peony, the Iris, the Dahlia, the Rose, etc. **The Flower Grower** should be in the hands of all who grow flowers.

The Flower Grower tells what sorts to grow, how and when to plant, when to cut the bloom for shipping and for home decoration, and how to save and store the seeds, bulbs, etc. In short, every phase of flower culture is taken care of, and practical facts and information on summer-flowering plants of all kinds comprises its contents. The magazine is a great contribution to the floral literature of the world.

A beautiful display may be had at small cost by planting mixed bulbs.

Our DIRIGO MIXTURE is made up of good named varieties, some fine Primulinus hybrids and a few unnamed seedlings; and will provide a long season of delightful bloom. **Price, 30c per dozen. \$2.00 per hundred, postpaid.**

THE FLOWER GROWER

Published by Madison Cooper, Calcium, N. Y., is a splendid monthly magazine for both amateur and professional flower growers, the Gladiolus being a leading feature.

Subscription price \$1.50 per year, 3 years for \$3.50.

To all customers sending us an order from this catalogue, amounting to \$20.00 or more, before March 15th, we will send the "Flower Grower" free for one year, if requested.

JOIN THE AMERICAN GLADIOLUS SOCIETY

This society is doing a great work in fostering the development and advancing the interest of this greatest of all flowers. Annual dues \$2.00, which includes subscription to the "Flower Grower", the official organ of the society. If you are a "Glad" lover, the society deserves your support.

To all customers sending us an order from this catalogue, amounting to \$35.00 or more before March 15th, we will present one year's membership, including the "Flower Grower" as above, if desired.

Make me over, Mother April,
When the sap begins to stir.
When thy flowery hand delivers
All the mountain-prisoned rivers,
And thy great heart beats and quivers
To revive the days that were.
Make me over, Mother April,
When the sap begins to stir.

Bliss Carman.
